

**OFFICE OF THE
DIRECTOR GENERAL OF POLICE,
HIMACHAL PRADESH, POLICE HEADQUARTERS,
SHIMLA-171002.**

Press Note- 18.07.2020

Triumala Tiruati Devsthana (TTD) is one of the biggest Hindu Temple conglomerates in the world and handles large number of pilgrims daily. Himachal Police intend to adopt the practices of Triumala Tiruati Devsthana (TTD) in managing the security and other logistics of pilgrims of our shrines/temples situated in the State of HP. Today the Director General of Police, Himachal Pradesh has written DO letters to the Director General of Police, Andhra Pradesh and the Executive Officer Tirumala Tirupati Devsthanan, Andhra Pradesh in which the following points have been emphasized:-

1. H.P. Police would like to send a five member team headed by an SP rank officer after COVID-19 pandemic to gain firsthand experience in managing crowd control.
2. One week training arrangement may be made to our officers at TTD.
3. The system and technologies being used by TTD for ensuring fool proof security may also be shared with our officers.

Subject: Training on security arrangements at the Tirumala Tirupati Devsthanam (TTD) for Himachal Police personnel.

Dear Gantam Sawang Sir,

Himachal Pradesh, which is also known as Devbhoomi, has four Shaktipeethas namely Chintpurni, Bajreshwai Mata, Chamunda Devi and Naina Devi and a Maha Shaktipeetha namely Jwala Ji. Every year, especially during the Navratras, devotees from all over the country throng to these temples. Besides the Shaktipeethas, we have several other big and small temples with some of them having statues that date back to antiquity. Needless to say, we make arrangements for not only smooth darshan for the devotees but also the safety and security of our temples.

2. Himachal Pradesh is also home to his His Holiness the Dalai Lama and several Buddhist monasteries, temples and shrines, the key among them being His Holiness the Dalai Lama's main temple, Key gompha, Key monastery, Buddha temple at Rewalsar and the Kardang monastery.

3. We understand that the Tirumala Tirupati Devsthanam (TTD) is perhaps one of the biggest Hindu temple conglomerates in the world and handles large number of pilgrims daily and the number becomes larger on special occasions like the Bramhotsavam. Other than the smooth movement of the devotees, the TTD also ensures other logistics and security by extensive use of modern technology, which includes biometric scans, online registration and an extensive network of CCTVs.

4. The Himachal Police would like to learn from the TTD about the security systems, protocols and technologies so that we may benefit from your best practices. We intend to replicate some of them to make the pilgrimage experience of devotees visiting Himachal Pradesh pleasant, safe and comfortable.

5. After the COVID-19 pandemic is over, we would like to send a five member team, headed by an SP rank officer to observe and gain firsthand experience in managing large crowds by the TTD. I would be immensely grateful to you, if arrangements for a week long training module could be made, to show our officers around, and to share the systems and technologies that the TTD uses for ensuring foolproof security.

With best regards,

Yours sincerely,

(Sanjay Kundu) IPS
